

BAREBOAT CREW RESPONSIBILITIES

Before starting on your sailing trip, it's important to define the skipper and the crew's responsibilities aboard:

- ✓ Who will be the captain aboard?
- ✓ What type of decisions can the crew make without asking the captain?
- ✓ When does the captain want to be contacted for making a decision?
- ✓ How should common expenses be shared and how should expenses be shared if an accident or breakdown causes unexpected costs?
